May 5, 2026

Dear <Mem_FName>,

Thank you for being a Blue Shield of California member. We are writing to let you know that our contract with Providence Redwood Memorial Hospital has terminated, effective May 1, 2026. As a result, Providence Redwood Memorial Hospital is no longer in our network. This means you will be unable to access care at Providence Redwood Memorial Hospital except under certain circumstances.

Your doctor will be able to provide you with more information about alternate hospitals. To check the participating status of facilities in our network, please visit blueshieldca.com/fad.

Some of the alternate, contracted facilities in the area includes:

- Mad River Community Hospital

Specialist services

We encourage you to contact your doctor to coordinate your healthcare needs if you are currently being treated for an illness or injury at Providence Redwood Memorial Hospital. If you are currently under a specialist's care at Providence Redwood Memorial Hospital, and you want to remain with this specialist, please call the Customer Service number on your Blue Shield member ID card. You may have a right to keep your specialist for a designated period. Please see the information below concerning your right to continued care.

PPO members and POS members using PPO benefits

Effective May 1, 2026, because Providence Redwood Memorial Hospital is no longer in our network, your costs may be higher if you use this hospital outside of the circumstances highlighted under the Right to continued care and Emergency services sections below.

We will pay the lower, out-of-network level of benefits, and you will be responsible for any amounts up to the provider's billed charges. We may pay any benefits directly to you, rather than the hospital, and you will be responsible for paying the hospital in full. If you wish to have your hospital care covered at the higher, preferred benefit level, you must use an in-network hospital.

Right to continued care

We realize that when you are in a course of treatment, it is important not to interrupt your care. Federal law guarantees you the option to continue receiving treatment from a terminated provider for 90 days after the receipt of this letter or until your treatment concludes, whichever is sooner. Your treatment will be provided under the same terms and conditions that applied before the contract termination date. Federal law qualifies you for continuing care if you are receiving treatment for a serious and complex condition, pregnant, undergoing inpatient care, scheduled for non-elective surgery, or terminally ill.

Under California law, you can request continuation of covered services for the following conditions:

- An active course of treatment for an acute medical or behavioral health condition, including a maternal mental health condition
- An active course of treatment for a serious chronic condition
- A pregnancy, regardless of trimester, and including postpartum care
- A terminal illness
- Care of a newborn (0 to 36 months)
- Performance of a surgery/procedure that has been authorized by Blue Shield as part of a documented course of treatment and has been recommended to occur within 180 days of the above-mentioned cancellation date

To request continuation of covered services at Providence Redwood Memorial Hospital, please call (800) 393-6130 (TTY: 711) or the Customer Service number on your member ID card. To learn more about our Continuity of Care Program, please visit blueshieldca.com/find-a-doctor/help/continuity-of-care.

We are required by California law to provide you with the following information:

If you have been receiving care from a health care provider, you may have a right to keep your provider for a designated time period. Please contact Blue Shield's Customer Service Department, and if you have further questions, you are encouraged to contact the Department of Managed Health Care, which protects consumers, by telephone at its toll-free number: 1-888-466-2219, or at a TDD number for the hearing and speech impaired at 1-877-688-9891, or online at www.dmhc.ca.gov.

Emergency services

A hospital's emergency medical services do not require pre-authorization, regardless of where they are delivered. If you have a medical emergency, please call 911 or go immediately to the nearest emergency department, which may include Providence Redwood Memorial Hospital.

Billing information

Get important info faster. Create or edit your profile at blueshieldca.com/go.

If you receive a bill from Providence Redwood Memorial Hospital that exceeds the amount indicated as your responsibility on the Explanation of Benefits (EOB) from Blue Shield, call the Customer Service number on your member ID card.

We regret any inconvenience this change may cause. We want to assure you that this hospital's termination from the network will not affect your current Blue Shield benefits or your ability to receive necessary medical care under your plan.

If you have questions regarding this change, please call the Customer Service number on your member ID card. We value you as a member and look forward to continuing to serve you.

Sincerely,

Blue Shield of California
