

Providence St. Joseph Hospital, Orange County

Transition Plan document/narrative

Supporting document/Attachment Summary:

- This narrative document
- Notice of contract termination
- Enrollee notice sample(s); PPO/POS/HMO

I wanted to alert you to the fact that Providence St. Joseph Hospital, located in Orange, Orange County, has submitted termination notice effective at midnight, April 30, 2026.

In-Patient Elective Utilization HMO & PPO respectively:

IPA Name	Bed Days	Admits	Enrollees Assigned to MG	# of PCPs	# of Specialists
AltaMed Health	8	2	2,129	124	563
GNP-MemorialCare	3	1	7,788	133	767
Hoag Physician Partners	4	2	4,643	40	728
St Joseph Heritage Medical Group	4	2	11,935	99	882
Monarch Healthcare (OCN)	2	1	6,872	662	975
Primecare Medical Group – Corona (OCN)	3	1	2,478	54	193
St. Joseph Hospital Affiliated Physicians	19	6	13,044	249	1,685
High Desert Primary Care Medical Group	21	14	7,970	23	293
St Jude Heritage Medical Group	5	1	19,651	94	302
Torrance Memorial IPA	3	1	10,363	126	258
Grand Total	72	31	75,862	1,604	6,646

Plan asserts that High Desert Primary Care Medical Group (2026-PROV-78), and St. Joseph Hospital Affiliated Physicians (2026-PROV-82), St. Joseph Heritage Medical Group (2026-PROV-81), and St. Jude Heritage Medical Group (2026-PROV-84) are also included in this contract termination with the Plan. Enrollees will follow as stipulated in the Block Transfer Filings above.

Product	Annual Bed Days	Admits
PPO	254	88

Planned HMO/POS/PPO notifications:

Plan proposes notifying PPO/POS/HMO members who've utilized the terminating facility in the previous 12-month period. Plan will also notify HMO/POS/PPO members with open authorizations post 180 days termination date. A list of scheduled services will be available five to ten days prior to the mailing. The Plan proposes to use the letter template

previously approved by the Department a copy of which is submitted with this plan. Plan will notify all the above HMO medical groups of the termination.

Alternate Hospitals:

Name	Est. Driving Distance miles	Est. Driving Minutes	Notice Days	Term Notice Sent/ Received?
University of California Irvine Medical Center	2	5	180	No
Health bridge Children's Hospital Orange	3	7	180	No
Chapman Global Medical Center Inc	4	7	180	No
Anaheim Global Medical Center	4	8	180	No
Foothill Regional Medical Center	5	8	180	No
Anaheim Reginal Medical Center	7	11	180	No
Fountain Valley Regional Hospital Medical Center	9	15	180	No

4,157 PPO members reside within 15 miles of the terminating hospital.

The Plan will promptly notify the Department of any changed circumstances or new information that is material to this notification. Plan will also promptly notify the Department of any materially incorrect information in this notification.
Response: Plan confirms 100% of enrollees will retain their PCP.

Plan confirms that the hospital portion of the networks is not narrowed in this area. The hospital portion for the full networks and narrow networks are identical.

Plan affirms BSC will implement our Department-Approved Continuity of Care policy. Also, the Plan has reached a Continuity of Care agreement with the terminating provider which specifies reimbursement rates for completion of covered services under regulation 1373.96.

Plan has not identified any specialty for which there are specialists who have active admitting privileges at the terminating hospital but not at the proposed alternate hospital.

Plan confirms the proposed alternate facility is in-network for all members, including those with a PPO benefit plan. Blue Shield of California's institutional contracts serve all benefit designs.

Plan confirms that our PPO Network medical providers can admit for and provide all necessary covered care and services at any participating hospital.

At this time there are no enrollees who have a procedure scheduled at the terminating hospital within 180 days after the termination date. It is too early to accurately provide this information. Plan will continue to monitor for authorizations with service dates after the potential contract termination.

The Plan confirms there are no tertiary care, quaternary care, transplant, burn, cancer or other high-level services provided at the terminating hospital that are not available from the proposed alternate hospital or other nearby participating facilities.
