Re: Termination of Palmdale Regional Medical Center from UnitedHealthcare of California commercial network

Dear [Participating Medical Group Name]:

We value your collaboration and want to keep you informed of changes that affect your patients who are UnitedHealthcare members. UnitedHealthcare of California has been working diligently to negotiate a new contract with Palmdale Regional Medical Center.

Despite efforts by both parties, we didn't reach an agreement to extend Palmdale Regional Medical Center's contract to continue participation in our UnitedHealthcare commercial network. Since we were unable to reach an agreement, Palmdale Regional Medical Center will no longer be a participating hospital in the UnitedHealthcare commercial benefit plan network, effective June 1, 2026

What you need to know

Effective June 1, 2026, UnitedHealthcare will notify, and redirect affected commercial members to the following alternate hospitals:

- Antelope Valley Medical Center

Transition of care

We're working with the Department of Managed Health Care (DMHC) to help ensure that affected members will continue to have access to uninterrupted care and/or services. As part of this process, UnitedHealthcare filed a transition plan with the DMHC. The DMHC has conditionally approved this transition plan, subject to certain conditions:

1. If the contract terminates, the Plan will allow its contracted providers and provider groups to continue referring services to the Terminating Hospital after the Termination Date, and to continue to allow all affected enrollees to receive at the Terminating Hospital after the Termination Date:
 - a. any medically necessary services available at the Terminating Hospital, but not available or cannot be scheduled in a timely manner consistent with good professional practice at an Alternate Hospital or other in-network contracted hospital facility within a reasonable geographic distance, including, but not limited to, Coronary ICU, Plastic Surgery and Spine Surgery services, or
 - b. any medically necessary services available at the Terminating Hospital where an in-network provider holds admitting privileges at the Terminating Hospital and is unable to admit enrollees to an Alternate Hospital or other in-network contracted hospital facility within a reasonable geographic distance in a timely manner consistent with good professional practice, or
 - c. any medical necessary services available at the Terminating Hospital which, due to insufficient capacity, an enrollee may not be able to access at an Alternate Hospital or other in-network contracted hospital facility within a reasonable geographic distance in a timely manner consistent with good professional practice.
2. For the Plan's affected enrollees accessing the Terminating Hospital under Condition 1, the Terminating Hospital will continue to be deemed a participating, in-network provider. For these affected enrollees accessing the Terminating Hospital, the copayment, deductible, percentage coinsurance or any other cost sharing components

for care accessed under the aforementioned conditions shall be no greater than the financial responsibility the enrollee would have had if the enrollee received the services from the Terminating Hospital prior to the Termination Date.

If a dispute arises between the Terminating Hospital and the Plan concerning the reasonable and customary value of the provider's service, the Plan shall protect and hold the enrollee harmless for any amount above the enrollee's in-network copay, deductible, coinsurance or other cost sharing component.

3. For the Plan's affected enrollees accessing the Terminating Hospital under Condition 1, the Plan will directly pay to the Terminating Hospital, as applicable:
 - a. the amount required by any post-termination rates set forth in the contract between the Plan and the Terminating Hospital,
 - b. the amount set forth in any negotiated letter of agreement or other negotiated arrangement between the Plan and the Terminating Hospital regarding the services, or
 - c. the reasonable and customary value of the hospital's services, less the enrollee's established in-network copay, deductible, coinsurance or other cost sharing component.

We're here to help you

We apologize for any inconvenience this transition may cause. If you have questions, please go to **UHCprovider.com** and sign in to the UnitedHealthcare Provider Portal where you can chat with a live advocate from 7 a.m.–7 p.m. CT. You can also contact UnitedHealthcare Provider Services at **877-842-3210, TTY/RTT 711**, 7 a.m.–5 p.m. CT, Monday–Friday.

Sincerely,

UnitedHealthcare Team
