If you are enrolled in a point-of-service (POS) plan or preferred provider organization (PPO) and continue to access SCVH after the expiration date, you may have significantly higher out-of-pocket costs. Your Evidence of Coverage outlines your coverage for seeking care from a provider who is not part of our network. Also, Customer Service can provide this information.

Emergency medical services do not require pre-authorization regardless of where services are delivered. Members may go to any Hospital for emergency services, including SCVH. This coverage will be provided according to your policy benefits.

Your enrollment in your Anthem Blue Cross or Anthem Blue Cross Life and Health Insurance Company plan remains the same and is not otherwise affected in any way. If you receive a bill from SCVH that exceeds the amount indicated as the member responsibility on the Explanation of Benefits you receive from Anthem Blue Cross/Anthem Blue Cross Life and Health Insurance Company for services rendered after June 30, 2026, please contact Anthem Blue Cross at the toll free customer service number, 1-877-971-0117, or the toll-free member services number on your ID card, so that it may be handled appropriately.

Your health care needs are very important to us, and we are committed to providing you with exceptional service. Please be assured that your health care coverage will not be interrupted and that this Hospital's termination will not result in a change to your covered benefits.

Sincerely,

Anthem Blue Cross
