Hello, The Plan has received an extension. The new termination date is January 1, 2027. The resolution tab has been updated.

By Elizabeth Doyle
Date 5/29/2026 9:10:41 AM

Hello,

Please update the resolution tab with the new mailing date and transition date.

Thank you,

Elizabeth

Hello,

I am following up on the comment submitted on May 19, 2026.

Please note that the filing needs the information requested to complete the review.

Please respond as soon as possible.

Thank you.

Hello,

The Department is requesting an update to the following questions below which were submitted in the original comment letter:

1. The Plan submitted SUTTER MATERNITY AND SURGERY CENTER OF SANTA CRUZ as an Alternate Hospital. According to the California Department of Health Care Access and Information (formerly OSHPD), this Alternate Hospital has a licensed bed occupancy rate greater than 80 percent. Please confirm the following:
 - a. If the Plan has contacted the hospital and whether the hospital has expressed concerns regarding the sufficiency to serve additional Plan enrollees,
 - b. The Plan's protocol to ensure enrollees maintain access to all medically necessary services, in the event the hospital does not have capacity to serve additional Plan enrollees, and
 - c. Please provide the Department with the Plan's methodology for determining no anticipated capacity issues.
2. For each Alternate Hospital, please summarize or confirm the following:
 - a. The Plan contacted the hospital regarding the Block Transfer,
 - b. Any concerns expressed by the hospital regarding its ability to accommodate the hospital-based needs of enrollees redirected by the Block Transfer,
 - c. Whether the Plan has sent or received a notice of contract termination from the Alternate Hospital, and if so, whether that contract is set to terminate within the next six months.
3. Please identify the number of enrollees who have a procedure scheduled and authorized by the Plan at the Terminating Hospital post-termination.

4. In addition to the in-patient services comparison on the Block Transfer portal, please indicate any of the following services that are available at the Terminating Hospital, but not available at the Alternate Hospitals:

- a. Any out-patient or in-patient services,
- b. Any tertiary care, quaternary care, cancer, burn or other high-level specialty services,
- c. Any transplant services.

If any services are not available at the Alternate Hospitals, please explain where affected enrollees will receive these services following contract termination.

As the enrollee transfer date is June 1, 2026, please respond by the end of day, Friday May 22, 2026, at the latest.

Thank you,

Elizabeth

Dear Mr. Escobar,

The Department is in receipt of the Plan's request to waive (or shorten) the 60-day Enrollee Notice Requirement in connection with this matter, pursuant to Health and Safety Code section 1373.65, subdivision (b) and California Code of Regulations, title 28, section 1300.67.1.3, subdivision (e). Please note, the Department continues to evaluate the Plan's waiver request in light of the above-mentioned requirement in this Block Transfer filing review. The Plan shall not send enrollee notices until the Department approves the notices and provides further information at the conclusion of the Department's Block Transfer review.

For Medi-Cal HMO enrollees, the plan may be required by the Department of Health Care Services to provide enrollees with 30-day notices prior to contract termination. The Department will review this Block Transfer filing consistent with Knox-Keene Act requirements, but this review shall not constitute a waiver of any requirements by the Department of Health Care Services.

Regards,

Elizabeth Doyle
