Dear Ms. Tonkin:

The Department of Managed Health Care (the "Department") has received the information submitted in Block Transfer Filing 2026-PROV-94 ("Filing") submitted by Cigna HealthCare of California, Inc. (the "Plan") on March 5, 2026. Based upon the representations within the Filing, the number of enrollees who will be reassigned or redirected as a result of the contract termination is less than 2,000. At this time, the Department accepts the Filing as an Information Only Filing.

The Department requests that the Plan immediately notify the Department regarding any changed circumstances, incorrect information, or new information material to the Plan's submission regarding this matter. The Department reserves its right to revoke or modify this acceptance of the

Plan's submission as an Information Only Filing, based upon changed circumstances or based upon the Department's receipt of new or additional information.

Within one business day after the contract termination date, please advise the Department of the contracting status: agreement reached, extension (include new termination date), or not contracted. If the contracting status is "not contracted," please provide a courtesy copy of the enrollee notice sent by the Plan regarding the contract termination.

Thank you for submitting this information regarding the potential contract termination. Please contact me if you have any questions.

Hello Ms. Tonkin,

The Department is following up regarding the status of a previously submitted comment. The Plan stated it "confirms that the Terminating Provider Group is delegated for Utilization Management for most professional services. Accordingly, the Terminating Provider Group is responsible for issuing authorizations. As a result, the Plan does not have direct visibility into the number of affected enrollees who have been authorized or approved to receive procedures or services from providers within the Terminating Provider Group within 180 days of the termination date. However, the Plan has requested this information from the Terminating Provider Group and is currently awaiting their response."

Can the Plan please provide the number of affected enrollees who have been authorized or approved to receive a procedure or service from a provider within the Terminating Provider Group within 180 days of the Termination Date?

Thank you!
