Hello, The Plan is pleased to advise the Department that it has reached an agreement with the University of California regarding the subject provider relationship. As a result, the previously anticipated termination will not occur, and network access to the affected providers will be maintained. Accordingly, the Plan is in the process of mailing the attached communication to impacted members informing them that they may continue receiving care from their current primary care physician and that no action is required on their part. The member communication will clarify that provider participation will remain unchanged and that members may maintain their existing provider relationships without interruption. The Plan appreciates the Department's attention to this matter and will continue to keep the Department apprised of any material developments. Let me know if you have any questions or need anything additional. Thank you, Lea Anna Tonkin

Dear Ms. Tonkin:

The Department of Managed Health Care (the "Department") has received the information submitted in Block Transfer Filing 2026-PROV-97 ("Filing") submitted by Cigna HealthCare of California, Inc. (the "Plan") on March 10, 2026. Based upon the representations within the Filing, the number of enrollees who will be reassigned or redirected as a result of the contract

termination is less than 2,000. At this time, the Department accepts the Filing as an Information Only Filing.

The Department requests that the Plan immediately notify the Department regarding any changed circumstances, incorrect information, or new information material to the Plan's submission regarding this matter. The Department reserves its right to revoke or modify this acceptance of the Plan's submission as an Information Only Filing, based upon changed circumstances or based upon the Department's receipt of new or additional information.

The Department requests that the Plan immediately notify the Department regarding any update to the number of enrollees who have been authorized or approved to receive procedures or services from providers within the Terminating Medical Group within 180 days of the termination date.

Within one business day after the contract termination date, please advise the Department of the contracting status: agreement reached, extension (include new termination date), or not contracted. If the contracting status is "not contracted," please provide a courtesy copy of the enrollee notice sent by the Plan regarding the contract termination.

Thank you for submitting this information regarding the potential contract termination. Please contact me if you have any questions.
