Hi Cathy,

MPMG, based on members zip codes and competitor landscape, is concerned about increased costs with these 2K members due to service area misalignments with MPMG specialists. Since they anticipate a negative impact to their financial performance, they'd like Cigna to right size via increased cap, cost savings, stop loss assistance, etc.

Cathy is this possible?

MPMG will likely provide their response tomorrow.

Thanks for your patience with this matter.

Hi Dawn,

Unfortunately, I did not see email however hopefully this will help.

Please see attached spreadsheets, I've grouped them by zip code:

- Member mapping template spreadsheet DATA
 - This is the spreadsheet I used to put the information without disclosing the pending potential terminating group.
 - You can always slice and dice to your liking.
- Demographics: Age Groups, Gender, etc.
- Special Population: Peds, High needs, etc.
 - There are 116 pediatrics that were assigned to the potential terminating group.
 - I had to give you just the numbers only

Total Count:	2015
Member M / F	Count of ZIP
F	1231
M	784
Grand Total	2015

Hope you had a wonderful Valentine's day weekend!

Hi Dawn,

Let me try to answer as best as I can.

- Medical Group Termination – we are no longer permitted to disclose the Medical Group Termination.
- Can Mercy contribute to assignments for non-crossover PCPs if they agree to accept membership? – It's best you check with the contractor because the contract is with Scripps – then Scripps down stream their contract with MPMG. It would need to remain within the MPMG-Scripps providers.

I hope this helps and I'm very appreciative knowing this is being worked on – THANK YOU

Good afternoon Team Mercy Physician Med Group (Scripps).

Please see below:

Re: Potential Block Transfer, Capacity for 2015 members

Cigna HealthCare of California, Inc. ("Cigna") has received a potential provider group termination which will be effective Jun 30, 2026.

Although negotiations continue, we are updating our contingency plans in the event we are unable to reach an agreement. Cigna is required to submit a Medical Group Block Transfer to the Department of Managed Health Care ("DMHC") identifying alternative receiving physician groups to whom members can be assigned.

As part of this Block Transfer filing, it is necessary to confirm that the alternative receiving physician group(s) have the capacity to accept 2015 additional membership. I've attached a spreadsheet for your convenience.

In addition, please confirm/provide:
Provide a list of primary admitting hospitals for your physician group.
Receiving physician group's Contact Information
Person's Last Name, First Name
Title
Phone Number
E-mail address

Please provide a response by **Monday, Feb 16, 2026**.

Thank you in advance for your time and assistance.

Hello Team Scripps,

Re: Potential Block Transfer, Capacity for 2015 members

Cigna HealthCare of California, Inc. ("Cigna") has received a potential provider group termination which will be effective Jun 30, 2026.

Although negotiations continue, we are updating our contingency plans in the event we are unable to reach an agreement. Cigna is required to submit a Medical Group Block Transfer to the Department of Managed Health Care ("DMHC") identifying alternative receiving physician groups to whom members can be assigned.

As part of this Block Transfer filing, it is necessary to confirm that the alternative receiving physician group(s) have the capacity to accept 2015 additional membership. I've attached a spreadsheet for your convenience.

In addition, please confirm/provide:

Provide a list of primary admitting hospitals for your physician group.

Receiving physician group's Contact Information

Person's Last Name, First Name

Title

Phone Number

E-mail address

Please provide a response by **Monday, Feb 16, 2026**.

Thank you in advance for your time and assistance.
