Hello Karen,

On the Block Transfer Filing form, when asked, "Is the Terminating Provider Group part of a "narrow network" product offered by the Plan?", the Plan answered, "yes".

Regarding the Narrow Network, Pathway EPO Exchange Network, please explain or confirm:

- 1) Any inpatient hospital-based services available to affected enrollees at Terminating Hospital that would not be available at any of the Alternate Hospitals,
- 2) For any hospital-based services no longer available to affected enrollees post termination, how enrollees will continue to access such services. If any, please confirm that the enrollees will be able to receive these services at in-network benefit levels,
- 3) Any admitting privilege issues to the Alternate Hospital(s),
- 4) Name of Provider Groups that Admit to the Terminating Hospital as Part of the Product,
- 5) The number of admits and bed days utilized by enrollees for the most recently completed calendar year, by enrollees in the Plan's reported Narrow

Network, and

6) How the Plan will meet the Knox-Keene Act's geographic access standards and/or Department approved alternative access standards.

Please provide a response by March 26, 2026.

Thank you.
